

While it is not our policy to list our preferences, as each individual student has their own needs and requirements from a school, we have put a list of those high schools to which this past two 8th grades have been accepted. Again, please understand that these are not high schools that we are recommending, but simply a list that may give you a starting point when you begin your own research.

The list is as follows:

A. Philip Randolph High School	High School for Math, Science & Engineering (SHS)
Academy for Careers in Television & Film (Queens)	Humanities Prep
Art & Design High School	LaGuardia (SHS)
Bard High School I and II	Lehman – American Studies (SHS)
Beacon	Manhattan Center for Science & Math
Bronx High School of Science (SHS)	Manhattan Village Academy
Brooklyn Latin (SHS)	Manhattan/Hunter College for the Sciences
Brooklyn Technical HS (SHS)	Millennium
Central Park East HS	Museum School
City College Academy of the Arts	NEST+M
Chelsea Career & Technical Education HS	NYC iSchool
Clinto School for Writers and Artists	NYC Lab High School
Eleanor Roosevelt	Pace HS
Environmental	Professional Performing Arts HS
Essex Street Academy	School of the Future
Facing History	Stuyvesant (SHS)
Frank McCourt	Talent Unlimited
Frank Sinatra School of the Arts	Urban Assembly for Design and Construction
Frederick Douglass Academy	Urban Assembly for Green Careers
Global Learning Collaborative	Urban Assembly for Media Studies
Harvest Collegiate	Urban Assembly Maker Academy
High School for Health Professions	Urban Assembly, NY Harbor School
High School of Economics & Finance	Urban Assembly for the Performing Arts

Of course there are other schools to look at which are not listed. Understand that District 2 schools such as Baruch, NYC Lab, Eleanor Roosevelt, School of the Future and NYC Museum are very difficult to get into as they give priority to District 2 students. However, other than Baruch, they have accepted a few of our students this year.

We hope this gives you some idea as to where to begin your search. Also, please reference the high school handbook that you download from our website. There are many new schools that are 2 and 3 years old and just need to be given a chance. There are a lot of good programs being created every year and some very dedicated and hard-working teachers and staff behind these programs. Please be sure to visit and ask lots of questions of the teachers and staff when you get the chance.

It is imperative that you do your own research on each and every school that you list on your application. Good luck!
